Benefits of Shea Butter:

Shea butter is a skin superfood that is naturally rich in vitamins A, E and F. It is known to offer UV protection (SPF ~6) and provides the skin with essential fatty acids and the nutrients necessary for collagen production. The concentration of natural vitamins and fatty acids in shea butter makes it incredibly nourishing and moisturising for the skin. It is often used to remedy dry skin and to help protect the skin's natural oils. Shea butter contains oleic, stearic, palmitic, and linolenic acids that protect and nourish the skin to prevent drying.

Directions: Apply a small amount all over the body on moist skin. Conditions the hair and nourishes the skin.

Ingredients: Organic rosewater, organic shea butter, organic cocoa butter, organic rosehip seed oil, organic aloe vera, organic chamomile, organic marigold, organic vegetable glycerine, organic vitamin e, organic rosewood, organic lavender, organic grapefruit, natural xanthan gum.
